

One-Time Use Menus

The COVID-19 crisis has challenged our country in many ways, and few businesses will feel the impact more than restaurants. Whether required by state law or by customer preference, a significant part of any restaurant's future will be one time use, disposable menus.

Sun Coast Media Group has developed a low-cost solution for our restaurant customers to produce their menus in a disposable, recyclable format.

We can even reformat your menus to our size from your electronic materials.

You'll be amazed at how good a disposable menu can look!

Please allow 10 business days after we receive your electronic materials.
